

SELPA EARLY START AAC SERVICES

IFSP team submits the AAC Referral Packet. Referral must include:

1. Adaptive Technology Referral (Assessment Form)
2. Consent to Share Information.
3. Signed Consent to Evaluate

ATC Personnel will receive the referral packet, review submitted documents and will respond to the Early Start Case Manager via email within 5 days of receiving the referral.

Does the child have LI disability?

Yes

No

Assessment

IFSP team will need to find another resource for assessment.

ATC support for **LI children and families** includes: Ongoing team Consultation, training, technical support for equipment, development of instructional materials as needed to support learning needs in collaboration with family and IFSP team members. LI funding for recommended equipment with technical support and training as needed by Early Start team and parents.
